Below Market Rate Ownership Program

What is a Below Market Rate Home?

A Below Market Rate (BMR) home is a home that has certain deed restrictions recorded on the property which ensure the home remains affordable for future generations. BMRs are often a result of public investment in affordable housing developments or a result of “inclusionary housing policy” which ensures affordable homes are built as a result of market-rate development.

What restrictions am I signing up for?

The most important restriction to understand is that your future selling price is restricted to the price you pay for your home plus any percentage increase of the Area Median Income in Alameda County.

Can I rent out my home after I buy it?

No. The creation of affordable housing requires significant public investment. These resources come with certain conditions that must be met once the homes are built. These homes were developed to be occupied by homeowners. In contrast, there are affordable developments in Pleasanton that can only operate as rental housing.

Can I renovate my home after I buy it?

Yes. Any improvements you make to your home must meet all local and state building code requirements and be approved by your Home Owner's Association (HOA). The maximum resale value of your home will not be increased by renovations or improvements.

Are there preferences given to certain applicants?

Applicants can qualify for up to 21 preference points. Priority will be given to those groups with the highest preference point total (from highest to lowest). For instance, no household with 16 preference points would be ranked higher on the waitlist than a household with 20 preference points. A full description of the preference points can be found at www.hellohousing.org/stewardship/cityofpleasanton/homes.

Can I refinance later and get cash out?

While you can refinance later to benefit from better loan terms, the program does not allow cash out until resale which should be taken into careful consideration when determining your down payment amount. Also, because BMR programs are unique, only certain lenders can lend on these homes.

Do I have to be a first time homebuyer to qualify?

Yes. A first time homebuyer is defined as a person whose name has not appeared on a residential title for at least three (3) years prior to application.

More questions?
