Town of Los Gatos

Below Market Rate Ownership Program

What is a Below Market Rate Home?

A Below Market Rate Home (often called a BMR) is a home that has certain deed restrictions recorded on the property which ensure the home remains affordable for future generations. BMRs are often a result of public investment in affordable housing developments or a result of "inclusionary housing policy" which ensures affordable homes are built as a result of market-rate development.

How do I know if I qualify?

1. You must have a household size must have a minimum of three members to qualify for this home.
2. You must be a First-Time Homebuyer (which means you haven't owned a home within the last three years).
3. You will need to have liquid assets to cover the down payment and closing costs. Your household must have at least 10% of the purchase price, seasoned for three months in your financial accounts to qualify to purchase the home. Additionally, you must be able to pay closing costs, which typically run an additional 3-5% of the purchase price.

Are there preferences given to certain applicants?

Applicants can qualify for up to 76 preference points. Priority will be given to those groups with the highest preference point total (from highest to lowest). For instance, no household with 60 preference points would be ranked higher on the waitlist than a family with 70 preference points. The BMP Guidelines which contain a full description of the preference points can be found at:

What restrictions am I signing up for?

The most important restriction to understand is that your future selling price is restricted to the price you pay for your home plus any percentage increase of the Area Median Income in Santa Clara County. Additionally, these homes were developed to be occupied by homeowners, so all owners on Title must occupy the home as their primary residence..

Can I renovate my home after I buy it?

Yes. Any improvements you make to your home must meet all local and state building code requirements and be approved by your Home Owner's Association (HOA). Should you decide to sell your home, the Town will allow for price adjustments to the maximum resale value however, all renovations or improvements must meet eligibility requirements set out in the home's Deed Restriction and are subject to final approval by the Town.

Can I refinance later and get cash out?

While you can refinance later to benefit from better loan terms, the program only allows cash out refinancing when the new loan amount is less than the Below Market Rate value of the home. Also, because BMP programs are unique, only certain lenders can lend on these homes.
